

M365 SECURITY ASSESSMENT

Turn Microsoft 365 security insights into an executive-ready remediation plan.

Gain visibility. Reduce risk. Prioritize what matters.

CUSTOMER PROBLEM

Organizations lack visibility into M365 security gaps across identity, endpoints, email, collaboration and data.

The result: higher risk, blind spots and delayed response.

HOW INNOVATE HELPS

We run a fast, automated assessment using Microsoft security tools to identify gaps and risks.

Our experts analyze the findings and deliver clear insights and prioritized recommendations.

YOUR OUTCOME

A prioritized remediation plan with **executive insights** and actionable Roadmap to reduce risk and strengthen your security posture.
